## **Fairview Inn's Response to Coronavirus (COVID-19)**

Like you, we have continued to monitor the latest news about the coronavirus. We want you to know that the safety and wellbeing of our guests, customers, and staff remains a top priority. Also like you, during these past months we have been focused on doing everything necessary to keep our families safe and healthy.

We understand that people are in different places when it comes to doing what is best for them and their families. We cannot stress enough that we believe in responsible and safe travel. With the situation evolving rapidly, we encourage the traveling public to seek and heed the latest expert guidance, and to make fact-based travel decisions.

We are currently open for room reservations. We are implementing a "no-contact" check-in and requiring that guests wear masks when in public spaces per the Sixth Amended Stay Safe Jackson Executive Order. Guests have the option of eating our included a la carte Southern breakfast in our socially distanced dining room or outside on the deck. As always, we are committed to upholding the highest standards of cleanliness and hygiene throughout our property. We have increased the frequency of cleaning in public spaces and guest rooms alike and are using high quality, EPA-registered disinfectants. We are educating our staff on prevention measures and requiring that any staff members who feel sick stay home.

As we continue to monitor developments and navigate through these circumstances, we want you to know that you can rely on us to put your health and safety first.

As of May 18, 2020, the Library Lounge reopened for lunch and dinner service. We are operating in accordance with city, state, and CDC guidelines and will not be seating more than six people per table, and all tables are spaced six feet apart. We are fortunate to have ample outdoor seating options. All guests are required to wear masks when not seated per City of Jackson laws. Our employees are also required to wear masks, and have been trained on ways to mitigate the spread of illness. 1908 Provisions will resume Sunday brunch when it is safe to do so. NomiSpa reopened as of October 14, 2020. Please check back for updates on when we will continue safely reopening. We appreciate your continued support of our local business during these times!
